

High Dump Bucket

Though they may be designed for different applications, speciality buckets from CEA have at least three things in common: they're tough, attach easily and allow your compact equipment to take advantage of its power and mobility for a very particular job.

The EDGE High Dump Bucket is ideal for loading feed mixers and trucks. This bucket features 2 heavy duty hydraulic cylinders that pivot the bucket for dumping, increasing your vertical lift by approximately 44" and horizontal reach by approximately 13". See through spill guard allows greater visibility and an optional bolt on cutting edge is available. Recommended for loaders with operating capacities greater than 1800 lbs. Comes complete with hoses and flat face couplers.

- ⊙ IDEAL FOR LOADING FEED MIXERS AND TRUCKS
- ⊙ INCREASES LIFT VERTICALLY AND HORIZONTALLY
- ⊙ WINDOWS IN BUCKET FOR GREATER VISIBILITY
- ⊙ 3/4" X 6" EDGE WITH HOLES TO ACCEPT OPTIONAL BOLT ON EDGE
