

Bolt on Grapple

Standard Single Cylinder

Handling brush, awkward debris, logs and more is made easy with the right grapple. The experts at CEA can help you to select the correct grapple based on your skid steer loader and your application.

Bolt-on grapples will fit most buckets. The width is adjustable from 48" (1219 mm) to 60" (1524 mm) and from 60" (1524 mm) to 84" (2133 mm) for standard models, 66" (1676 mm) to 90" (2286 mm) for the heavy-duty model. Two styles available - either single or dual cylinder, and all include hoses and flat face couplers.

Heavy-Duty Dual Cylinder

SPECIFICATIONS

Model	Weight (lbs/kg)	Depth (in/mm)	Grapple Opening (in/mm)	Min. Bucket Width (in/mm)	Max. Bucket Width (in/mm)	Grapple Width (in/mm)
