

This attachment allows your skid steer loader to complete big concrete projects in small areas.

The mixer's welded steel drum and internal paddles offer uniform mixing and clean dumping. A direct hydraulic drive of the gearbox eliminates chain and sprocket maintenance, resulting in more up-time on the job. The mixer features a mixing capacity of 5 ft³ (.142 m³) and a total drum capacity of 11 ft³ (.311 m³). Comes complete with adjustable parking stands, adjustable drum speed control valve, hoses and flat face couplers.

Direct hydraulic drive of gearbox.

Three paddles for uniform mixing.

- ⊙ **REQUIRES ONLY EIGHT GALLONS PER MINUTE TO OPERATE**
- ⊙ **INTERNAL PADDLES EVENLY MIX CONCRETE**
- ⊙ **FIVE CUBIC FOOT MIXING CAPACITY**
- ⊙ **DIRECT HYDRAULIC DRIVE**
