

From turf and seeding projects to heavy duty landscaping, CEA has the rake attachment you need to make your skid steer a valuable lawn and landscape tool.

The Grader Rake is an economical way to scarify, smooth and level hard-packed soil. It separates debris from dirt and soil, so it works great for job site cleanup. Heavy-duty spring tines increase digging action for grading while the full-floating design and oscillation can follow compound grades. Hydraulically angles up to 20 degrees right and left. Hoses and couplers included.

- ◎ **FULL FLOATING DESIGN FOLLOWS COMPOUND GRADES**
- ◎ **TINES SCARIFY AND LEVEL HARD-PACKED SOILS**
- ◎ **HYDRAULICALLY ANGLES 20 DEGREES RIGHT AND LEFT**

SPECIFICATIONS

Model	Weight (lbs/kg)	Straight Path (in/mm)	Angled Path (in/mm)	No. of Tines	Cylinder Size(s) (in/mm)
