

High profile models can move up to 12 cubic yards.

The Snow Push attachment has the capability of moving up to 12 cubic yards (324 cubic feet) of snow, and also works great for wastewater, manure and other materials. Comes standard with rubber cutting edge and adjustable skid shoes. Widths from 72" (1828 mm) to 168" (4267 mm) allow you to select the right size for your skid steer and your job! Optional pull-back kits give an operator the ability to draw materials back from confined areas such as loading docks.

Optional Pull-Back Kit

Low profile model offers great visibility on smaller machines.

- ⊙ IDEAL FOR SNOW AS WELL AS MANURE, FLOOD CLEANUP
- ⊙ WIDTHS TO 14' AND CAPACITIES TO 12 CUBIC YARDS
- ⊙ OPTIONAL RUBBER EDGE KITS AND PULL-BACK KITS AVAILABLE
