

Tree Transplanter

EDGE Standard Duty

Standard Duty with optional rear stabilizers

CareTree Heavy Duty

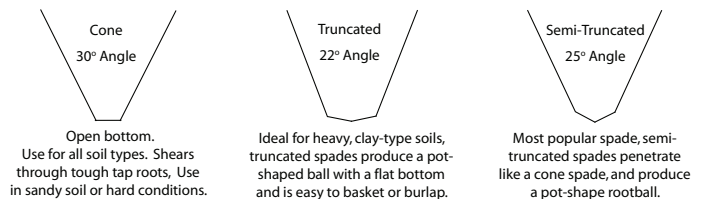

Optional Rear Stabilizer

Landscape professionals and nurserymen can transform their compact equipment into useful and profitable tools for tree and shrubbery planting, transplanting and removal.

Perfect for landscapers and nursery owners, the Standard and Heavy-Duty Tree Transplanters allow you to take advantage of the power of your skid steer and transplant mature trees with up to 54" (1372 mm), 2125 lb. (964 kg) root balls. EDGE Standard Duty units come standard with semi-truncated 1/4" high alloy steel blades and additional valve port for operating rear stabilizers. CareTree Heavy-Duty units offer three spade styles to choose from; Cone, Semi-Truncated and Truncated.

Rear stabilizers and counterweights are recommended on all skid steers and track loaders. Come complete with hoses and flat face couplers.

- Transplant trees with up to 54" root ball diameter
- Models with 3, 4 or 6 blades made of 1/4" high alloy steel
- Standard and Heavy-Duty models available
